Philips iE33 Vision 2011 Basic System Training Bundle

Our goal at Philips Healthcare is to provide the clinical education you need to make the most of your equipment investment.

With that in mind, we are pleased to offer a **NEW** e-learning curriculum focusing on the Philips iE33 Ultrasound System. The aim of this comprehensive eleven-part series is to provide the Sonographer/Echocardiographer with a comprehensive bundle of courses at an exceptional value.

These ASRT-accredited learning modules are self-paced tutorials consisting of enlightening content and colorful images. There are no prerequisites for this course. You may take all 11 courses (8 CEUs) for just **\$146***, or choose the specific ones that suit your needs:

- System Overview
- Annotations and Smart Exam
- 2D Image Optimization
- Doppler Imaging
- Color Flow Imaging
- Tissue Doppler Imaging
- Analysis
- Review and Connectivity
- Stress Echo Protocols
- Vascular Imaging
- Contrast Imaging

*Special offer valid only through 2013.

Purchase the bundled educational series directly from the Philips Learning Center. Simply click the link below. For questions about classes or purchasing call: 1-800-522-7022.

Best regards,
Your Philips Clinical
Education Team
